

# PP-3802HE/3103HE/3123HE/3153HE

## 三相混合逆变器

3-phase hybrid inverter

### 并网稳定 / The Grid Connection is Stable

先进并网控制技术, 并网更稳定  
Advanced grid-connected control technology, more stable grid-connected.

### 运行高效 / Efficient Operation

三电平拓扑技术, 运行更高效  
Three-level topology for more efficient operation.

### 使用安心 / Use with Peace of Mind

智能保护设计, 使用更安心  
Intelligent protection design, more secure use.

### 维护便捷 / Convenient Maintenance

全快插防呆接口, 维护更便捷  
Quickly plug in the Fool-proofing interface,  
making maintenance more convenient.

| 产品型号/Product model  | PP-3802HE   | PP-3103HE | PP-3123HE | PP-3153HE |
|---|---|-----------|-----------|-----------|
| 输入 (PV) /Input (PV)   |   |           |           |           |
| 最大功率(kW) /Maximum power (kW)                                      | 12  | 15        | 18        | 22.5      |
| 最大直流电压/Maximum DC voltage   | 1000V   |           |           |           |
| MPPT电压范围/MPPT voltage range                                       | 180~850V  |           |           |           |
| 单MPPT最大输入电流/Single MPPT maximum input current                     | 13A   |           |           |           |
| MPPT数量/各最大组串数/Number of MPPTs/Maximum number of strings per group | 2/1   | 2/1       | 2/1       | 2/2       |
| 输出 (并网交流侧) /Output (Grid-connected AC Side)                       |   |           |           |           |
| 额定输出功率(kVA)/Rated output power (kVA)                              | 8   | 10        | 12        | 15        |
| 电网电压/范围/Grid voltage/range  | 400/360-440V  |           |           |           |
| 电网频率/Grid frequency   | 50 /60Hz  |           |           |           |
| THDi  | <3%   |           |           |           |
| 电网连接类型/Grid connection type                                       | 3P+N+PE   |           |           |           |
| 电池/Battery  |   |           |           |           |
| 电压范围/Voltage range  | 125~600V  |           |           |           |
| 额定充电/放电电流(A)/Rated charge/discharge current (A)                   | 40/40   |           |           |           |
| 电池类型/Battery type   | 锂电/铅酸/Lithium/lead acid   |           |           |           |
| 通讯接口/Communication interface                                      | CAN/RS485   |           |           |           |
| 应急电源输出 (ESP) /Emergency Power Output (ESP)                        |   |           |           |           |
| 额定功率(kVA)/Rated power (kVA)                                       | 8.8   | 11        | 13.2      | 16.5      |
| 额定输出电压/Rated output voltage                                       | 400V  |           |           |           |
| 额定输出频率/Rated output frequency                                     | 50 /60Hz  |           |           |           |
| 最大自动切换时间/Maximum automatic switching time                         | <20ms   |           |           |           |
| THDu  | <2%   |           |           |           |
| 过载能力/Overload capacity  | 110%, 10min/120%, 60s/150%, 10s   |           |           |           |
| 基本参数/Basic Parameters   |   |           |           |           |
| 最大效率/Maximum efficiency   | 97%   | 98.2%     | 98.2%     | 98.5%     |
| 欧洲效率/European efficiency  | 97.2%   | 97.5%     | 97.5%     | 97.6%     |
| MPPT效率/MPPT efficiency  | 99.5%   | 99.5%     | 99.5%     | 99.9%     |
| 防护等级/Protection degree  | IP65  |           |           |           |
| 噪音/Noise  | <35dB   |           |           |           |
| 环境温度范围/Ambient temperature range                                  | -25°C~ 60°C   |           |           |           |
| 冷却方式/Cooling method   | 自然冷却/Natural cooling  |           |           |           |
| 环境温度范围/Ambient temperature range                                  | 0~95%(无冷凝) /0-95% (non-condensing)  |           |           |           |
| 海拔/Altitude   | 2000以下不降额/No derating below 2000  |           |           |           |
| 尺寸(宽*厚*高)/Dimensions (W * T * H)                                  | 510mm*200mm*500mm   |           |           |           |
| 重量/Weight   | 29Kg  |           |           |           |
| 显示和通讯/Display and Communication                                   |   |           |           |           |
| 显示/Display  | LCD   |           |           |           |
| 接口/Interfaces   | RS485 (具备) /Wifi (可选) /4G (可选) /CAN (具备) /DRM (具备)<br>RS485 (available) /Wifi (optional) /4G (optional) /CAN (available) /DRM (available) |           |           |           |
